

Picking A Litter Box Your Cat Will Use

Boxes Cats Love:

- Large
- Open Top
- Easy Entry

Boxes Cats Don't Like:

- Top Entry Boxes
- Pelleted Litter Box Systems
- Automatic Litter Boxes
- Litter Box Furniture

Concerned About Tracking?

- Make your own box using a storage tote with high sides. Scan the QR code to the right for a guide.
- Get a litter trapping mat
- Have a second mat your cat has to walk over
- Robot vacuums can be good if used cautiously
 - Don't start it when your cat is nearby!

Senior Cat Litter Box Tips

- Flatter, low entry boxes (or even a boot tray) are better than regular boxes
- Add more boxes in easy to access locations
- Work with your vet to address medical problems and pain
